Re: **Second Postponement of the 2023 CASF Infrastructure Application Deadlines**

In Decision [\(D.\) 22-11-023](#), the California Public Utilities Commission (CPUC) established timelines for submission of applications for the CASF Infrastructure Account. On March 21, 2023, the deadline of [April 1, 2023 was postponed to May 1, 2023](#). Due to delays in releasing the 2023 California Interactive Broadband Map, and in response to multiple stakeholders' requests for more time to prepare their CASF Infrastructure applications using data from the new map, the CPUC will postpone the 2023 CASF infrastructure application deadline by approximately one more month. Pursuant to Rule 16.6 of the Commission's Rules of Practice and Procedure, as Executive Director of the CPUC, I authorize that the current deadline for applications be moved from May 1 to June 1, 2023, and all subsequent deadlines, including the final deadline for acting on 2023 applications, be moved accordingly per the table below. These changes only apply to 2023; the timeline for future years will follow D. 22-11-023.

Sincerely,
