SUBJECT: Cox Communications Video Service Application

Dear Mr. Morris:

In accordance with California's Digital Infrastructure Video Competition Act (DIVCA), CoxCom Inc., doing business as Cox Communications, respectfully submits the following amendment to our existing state authorized Franchise Number 0003 to provide video service to a limited area within the city of Coronado. These areas are currently not provided video service from Cox Communications. We request the state franchise amendment covering these areas be effective on July 10, 2011.

Enclosed is a copy of the state authorized amended franchise application, pursuant to California Public Utilities Code § 5840(e), utilizing the 2010 Census Bureau's census geometry and household data where we were able to so. When the remaining Census Bureau's 2010 Census data becomes commercially available via our vendor, an amendment to the Telephone Service Area can be provided. A copy of this application has been mailed to the aforementioned local franchise authority.

Should you have any questions or require additional information, please contact myself at 619-266-5637 or Marcie.Evans@cox.com, or you may reach Joe Gabaldon at 760-445-0771 or Joe.Gabaldon@cox.com.

Sincerely,

Marcie Evans
Regulatory Analyst
Cox Communications
