#### SOUTHWEST GAS CORPORATION (U 905 G) LOW-INCOME ASSISTANCE PROGRAMS 2020 ANNUAL REPORT

12 Southwest Gas Corporation (Southwest Gas or Company) respectfully submits its 2020 13 Annual Report on low income assistance programs, attached hereto as Exhibit A, in accordance 14 with the requirements set forth in the April 5, 2004 Second Energy Division Workshop Report on 15 the Review of the Accounting and Reporting Requirements for the California Alternate Rates for 16 Energy (CARE) and Low Income Energy Efficiency (LIEE) programs of the Small and Multi-17 Jurisdictional Utilities (SMJUs).<sup>1</sup> Pursuant to Ordering Paragraph 24 of the Decision on Small 18 and Multijurisdictional Utilities' 2012-2014 Energy Savings Assistance Program and California 19 Alternate Rate for Energy Program Applications (D.14-05-004), issued May 1, 2014 in 20 consolidated docket A.11-06-016, Southwest Gas is filing its 2020 Annual Report in the most 21 current consolidated docket.

#### Rate Recovery

Expenses listed in this report are consistent with the budget amounts approved by the California Public Utilities Commission (Commission) in D.18-08-020 and D.18-09-026.

## EXHIBIT A

### Southwest Gas Corporation (U 905 G)

### Low Income Assistance Programs 2020 Annual Report

In compliance with: Decisions 14-05-004 18-08-020

Reporting Period: January 1, 2020 through December 31, 2020

May 3, 2021

Section I

## **CARE Residential Program**

#### SOUTHWEST GAS CORPORATION Low Income Assistance Programs Annual Report

(Reporting Period: January 1, 2020 – December 31, 2020)

#### **CARE RESIDENTIAL PROGRAM**

#### I. PARTICIPANT INFORMATION

## A. Number of participating low income households, including submetered households, by month. The data should be provided in a numerical table and in graph form.

Table I.A. Provides 1) the number of CARE participants, including submetered participants, by month; and 2) the month to month variance of CARE program participants, including submetered participants.

Figure I.A. below Illustrates the number of CARE residential participants by month.

## 1. Provide an explanation of any variance in the number of participants of 5 percent or more from the previous month.

Southwest Gas' residential CARE program participation variance was less than 5 percent from month-to-month during 2020.

2. Provide an explanation of a variance in the number of participants, calculated as the difference between participation at the beginning of the year compared to the end of the year, of 5 percent or more.

Southwest Gas' CARE residential program participation at January 1, 2020, varied by more than 5 percent as compared to CARE program participation at December 31, 2020. Southwest Gas experienced an annual increase in CARE program participation by a variance greater than 5 percent most likely due to financial impacts from the COVID-19 pandemic, the suspension of CARE program removals as directed in Resolution M-4842, and increased CARE program marketing efforts during 2020.

Number of CARE residential participants (including submetered households) by month

Needles	(0.9%)	(0.6%)	(1.3%)	1.3%	1.9%	1.2%	(0.6%)	0.3%	(0.3%)	0.3%	2.5%	0.6%	4.3%
CARE Variance	(0.6%)	0.2%	0.3%	2.3%	1.1%	0.5%	1.7%	0.5%	0.5%	2.4%	0.8%	0.3%	10.3%

[1] Due to the differences caused by cycle billing, the annual percent variance for the 2020 program year is derived by comparing December 2019 customer counts to December 2020 customer counts.

## B. Provide an updated estimate of potentially eligible households and state source of figures. Questions 2 through 5 should be completed using CARE Table I.B.

Table I.B. provides Southwest Gas' CARE program participation by month.

#### 1. What is the total number of residential customers?

Southwest Gas' residential customers as of December 31, 2020:

Description	Primary	Secondary	Total								
Southern California	141,139	4,800	145,939								
Northern California [1]	31,124	13,895	45,019								
Total Residential Customers [2] 172,263 18,695 190,958											
[1] Includes South Lake Tahoe Jurisdiction.											

[2] Master-meter submetered and expanded CARE customers are excluded.

#### 2. How many potential CARE eligible households are in your service territory?

Southwest Gas estimates the following total potential residential CARE eligible households as of December 31, 2020:

Description	CARE Eligible
Southern California	57,028
Northern California [1]	4,553
Total Eligible CARE Participants [2]	61,581
[1] Includes South Lake Taboe Jurisdiction	

[1] Includes South Lake Tahoe Jurisdiction.

[2] Secondary residential customers are excluded from the calculation.

3. What percentage of the customer base for this utility, as defined by the income and household size criteria, is estimated eligible for the CARE discount?

The percent of estimated residential customers eligible for the CARE program discount was:

Description	Percent Estimated Eligible [1]									
Southern California Average	40.24%									
Northern California Average [2]	14.61%									
System Average [3] 35.62%										
[1] Secondary residential customers are excluded from the calculation.										

[2] Includes South Lake Tahoe Jurisdiction.[3] System average of residential customers in all eligible jurisdictions.

4. How many CARE participants, including submetered tenants, are signed up for CARE, and what percentage is that to the total number of customers eligible for CARE?

The total participants including submetered tenants and the approximate percent of the total estimated eligible as of December 31, 2020:

Description	Total	CARE Percent									
Southern California	54,756	96.0%									
Northern California [1]	3,183	69.9%									
CARE Participants	57,939	94.1%									
[1] Includes South Lake Tahoe Jurisdiction.											

Month	Enrolled by Non- Capitation	Enrolled by Capitation	Total Enrolled [1]	Total CARE Participants [2]	Estimated Eligible [3]	Participation Rate
January	3,024	0	3,024	52,194	60,338	87%
February	2,474	0	2,474	52,297	60,361	87%
March	3,144	0	3,144	52,470	60,476	87%
April	3,036	0	3,036	53,670	60,655	88%
May	2,215	0	2,215	54,242	60,830	89%
June	910	0	910	54,492	60,981	89%
July	848	0	848	55,413	61,075	91%
August	1,021	0	1,021	55,700	61,150	91%
September	768	0	768	55,956	61,264	91%
October	755	0	755	57,305	61,352	93%
November	982	0	982	57,785	61,447	94%
December	807	0	807	57,939	61,581	94%
Totals	19,984	0	19,984	57,939	61,581	94%

## Table I.B. provides Southwest Gas CARE program participation by month.Table I.B.CARE Program Participation

[1] Includes first-time and re-enrolled CARE customers for residential and submetered tenants.[2] Includes submetered tenants and based on recorded data for twelve-months ended December 2020.

[3] Excludes submetered tenants

- 5. Provide the methodology used to estimate the number of eligible households in this utility's service area.
  - (a) State the source of statistics and, explain any modifications made. For example, modifications to the U.S. census data for undercounts of ethnic groups, such as Hispanics.

Southwest Gas calculated the current estimate for the number of potentially eligible households utilizing economic and demographic survey data. Specifically, cross-tabulations of income and persons per household information provided the basis for estimates. The most recent U.S. census data was reviewed as a reasonableness check of estimates.

#### MASTER-METERED SUBMETERED PARTICIPANTS

C. How many master-metered customers with submetered tenants are in this utility's service territory as of the end of the reporting period?

As of December 31, 2020, there were 32 master-metered customers with submeters in Southwest Gas' service territory.

#### D. How many submetered tenants are estimated to be CARE eligible?

As of December 31, 2020, Southwest Gas estimated 670 submetered tenants that were potentially eligible for the CARE program.

E. How many submetered tenants are participating in CARE as of the end of the reporting period and what is the participation rate as compared to the estimated number eligible?

As of December 31, 2020, the total number of submetered tenants participating in the CARE program was 624, which represents approximately 93 percent of the total estimated eligible.

F. Discuss any problems encountered during the reporting period in administering CARE for submetered tenants and/or master-metered customers.

Southwest Gas did not encounter problems administering the CARE program to mastermetered customers or their submetered tenants during this reporting period.

#### **II. USAGE INFORMATION**

A. Provide tables showing monthly average Tier 1 and Tier 2 consumption for all residential customers (excluding CARE participants) by baseline territory (climate zone) and on a total basis. This information should be provided for summer and winter billing seasons. Do not include master-metered consumption.

Table II.A. provides Southwest Gas' average residential customer usage (excluding CARE participants and master-metered usage).

B. Provide tables showing monthly average Tier 1 and Tier 2 consumption for CARE participants by baseline territory and on a total basis. Provide this information for summer and winter billing seasons. Do not include master-metered consumption.

Table II.B. provides Southwest Gas' average CARE participant usage (excluding mastermetered usage).

C. Provide a graph illustrating average consumption by residential customers (excluding CARE participants) vs. CARE participants for the utility's entire service territory. Do not include master-metered consumption.

Figure II.C. illustrates the average usage for Non-CARE program residential customers and CARE program participants (excluding master-metered usage).

#### III. PROGRAM COSTS

A. Provide a table showing the average monthly bill per residential customer for each baseline territory and for the total service territory.

Table III.A. provides the average monthly bill per residential customer and a total for the Company's service territory.

B. Provide a table showing the average monthly bill for CARE participants for each baseline territory and for the total service territory.

Table III.B. provides the average monthly bill per CARE participant and a total for the Company's service territory.

C. Provide a table showing the average monthly discount by baseline territory and 12 months ending (end of reporting period) in dollars per CARE participant.

Table III.C. provides the average monthly discount by baseline territory for the twelve months ended December 31, 2020.

D. For total CARE administrative costs, compute a table showing administrative costs per participating customer.

Table III.D. provides the administrative costs per CARE participant.

E. Complete Table III.D.2. which gives breakdown of administrative costs in the following categories: Outreach; General Administration; Processing, Certification and Verification; Billing System Programming; Regulatory Compliance.

Table III.D.2. provides a breakdown of all CARE program administrative costs.

1. Provide the amount and a brief explanation of what is included in each of these categories.

Below are descriptions of the types of costs incurred by category.

Outreach

Activities include bill inserts, emails, online ads, direct mailings, website enrollment, bill messages, brochures, Facebook and Twitter posts, and data sharing [with Southern California Edison (SCE), Liberty Utilities (Apple Valley Ranchos Water) Corp. (Liberty Apple Valley) and Liberty Utilities Electric (Liberty Electric), Bear Valley Electric Service (BVES), and Golden State Water (GSW)]. All outreach performed in calendar year 2020 is included in Table IV.A.

#### General Administration

Includes expenses related to program tracking, reporting and regulatory compliance.

- Processing, Certification/Recertification and Verification (P/C/V)
  - <u>Processing</u> is the managing of customer applications in Southwest Gas' Customer Service System (CSS) including adding new CARE customers and removing non-eligible customers.
  - <u>Certification/recertification</u> is the review of applications for completeness in conformance with established income parameters and comparison of CSS with the customer of record. Recertification efforts, including automated reminder calls to re-enroll in the program are also included in this category.
  - <u>Verification</u> is the review of applications for income eligibility, requests for proof

of eligibility, repeat contacts with applicants for additional information and random post-enrollment verifications.

#### • Billing System Programming

Includes additional programming efforts to create, modify and maintain the CSS database to gather and track customer data, including re-enrollment notifications, random income verifications, data sharing and reporting.

#### <u>Regulatory Compliance</u>

Includes costs related to the preparation of Commission-mandated filings and reports.

## 2. What are the Billing and General Administrative costs incurred for Non-CARE residential customers?

While not specifically quantified, billing, and general administrative costs for Non-CARE program accounts should generally be below the average cost reported for CARE program applicants. An extra customer service system change order, continuing maintenance of the CARE program information and additional regulatory compliance are avoided with Non-CARE program accounts.

[1] Other outreach costs are defined as any direct costs that do not fall into the listed subcategories.

[2] Administrative expenses subsumed in General Rates are not tracked.

[3] Totals, which are rounded to the nearest dollar, may not add due to rounding.

F. Provide balancing account balance (for which balancing account CARE – ESA or both as of (end of reporting period). Also provide an explanation for over/under collection balances. (Give a snapshot in time)

Southwest Gas' CARE and ESA account balances for twelve months ended December 31, 2020 are shown in Table III.E and Table III.F, below.

Description	Amounts
Beginning balance January 1, 2020 [1]	3,488,248
Program benefits	7,135,777
Interest accrual	38,091
Recoveries through surcharges	(7,118,586)
Unreimbursed CDTFA activity	2,637,823
Reimbursed CDTFA prior year activity	(2,098,841)
Administration costs	188,761
Net ending balance December 31, 2020	4,271,272
[1] This table details general ledger account activity December 31, 2020.	from January 1, 2020 to

#### Table III.E. CARE Program Account Balance (in Dollars)

Table III.F. ESA Program Account Balance (in Dollars)

Description	Amounts
Beginning balance January 1, 2020 [1]	623,701
Interest accrual	11,610
Recoveries through surcharges	(6,670,710)
Unreimbursed CDTFA activity	2,368,159
Reimbursed CDTFA prior year activity	(1,798,793)
Administration costs	7,889,895
Net ending balance December 31, 2020 [2]	2,423,862
<ul><li>[1] This table details general ledger account activity December 31, 2020.</li><li>[2] The balance excluding CDTFA activity is \$(668,663) reimbursements totaling \$3,092,524.</li></ul>	•

Southwest Gas' CARE and ESA account balances show over/under collections resulting from timing differences between remittances and recoveries; California Department of Tax and Fee Administration (CDTFA) unreimbursed and reimbursed amounts; and forecasted volumes and billed volumes used in rates for customer billing.

## G. Describe in detail what costs are recorded in the balancing account(s) and what costs are included directly to base rates.

Incremental costs directly associated with the CARE program and ESA program are recorded in the balancing accounts. These costs include the CARE discount and program budgets and ESA program budgets, along with program specific administrative costs as described above in Tables III.D.2., III.E., III.F.; and Section III Energy Savings Assistance Program Tables VIII.A. and VIII.B. Some administrative costs are included directly in base rates and are not tracked (e.g., internal labor costs).

H. Provide a table showing the surcharge amount and the percent responsibility for surcharge by customer class.

Description	Surcharge Collected (in Dollars)	Surcharge \$/therm	% of Average Bill	% of Total Surcharge
Southern California				
Residential	4,413,137	0.10042	6.62%	65.34%
Commercial	1,596,824	0.10042	9.12%	23.64%
Industrial	332,607	0.10042	12.50%	4.92%
Transportation	411,294	0.10042	24.76%	6.09%
Total Southern California	6,753,861			100.0%
Northern California				
Residential	256,109	0.00794	0.63%	70.22%
Commercial	98,035	0.00794	0.85%	26.88%
Industrial	862	0.00794	1.10%	0.24%
Transportation	9,717	0.00794	2.05%	2.66%
Total Northern California	364,724			100.00%
Total CARE Benefit	7,118,586			

## Table III.H.CARE Surcharge Amount by Customer Class

#### I. Provide the annual subsidy (discount) for all CARE participants.

As illustrated in Table III.E above, the total annual CARE program subsidy provided as of December 31, 2020, was \$7,135,777.

#### J. Provide a table showing the percent of total CARE surcharge for each customer class.

Table III.H. above, provides the percent of total CARE surcharges for each customer class.

#### IV. OUTREACH

## A. Complete Table IV.A. which shows the outreach activities undertaken, the number of customers reached (if known) and the number of applications returned as a result of the particular activity undertaken (if known).

Table IV.A. summarizes the outreach activities undertaken during the program year. Southwest Gas includes costs when directly associated with a specific outreach project. Costs are not included when associated with several projects or when subsumed in general rates.

#### B. Provide a narrative discussion of the following:

#### 1. Sharing information in overlapping service territories.

Southwest Gas continues to share lists of active CARE customers electronically with SCE, Liberty Apple Valley, Liberty Electric, BVES, and GSW. Table IV.B.1., below, provides the total enrollments from data sharing during the program year.

## Table IV.B.1. CARE Program Data Sharing Information for Overlapping Service Territories [1]

Data Sharing	2020 Total
SCE Residential	2,843
SCE Submetered Tenants	0
SCE Non-Profit Group living	0
Liberty Electric Residential	186
Liberty Electric Submetered Tenants	0
Liberty Electric Non-Profit Group living	0
BVES Residential	4
BVES Submetered Tenants	0
BVES Non-Profit Group living	0
Liberty Apple Valley	130
GSW	15
LIHEAP	28
Energy Share	0
Total CARE Customers Enrolled	3,206

## 2. Sharing information with ESA program and other utility programs (i.e. signing up ESA program customers not enrolled in CARE or working).

Southwest Gas contracts with community-based organizations and outside subcontractors who administer the ESA program. Additionally, Southwest Gas provides a CARE capitation amount to those subcontractors to reach more customers in need and to achieve greater economies of scale. Southwest Gas exchanges ESA program participants with SCE, Liberty Electric, and BVES.

#### 3. Leveraging CARE funds with other utility assistance programs.

Southwest Gas continues to identify ways to jointly administer and promote the CARE program statewide with the ESA program, Medical Baseline, the Company's Energy Efficiency initiatives, and works with other overlapping electric and water utilities, where feasible. Southwest Gas continues auto-enrollment of customers that receive bill assistance from the Low Income Home Energy Assistance Program and the Southwest Gas' Energy Share Program. Southwest Gas also provides low income program collateral to BVES and Liberty Electric. Any Liberty Electric customer that receives a Liberty Residential Energy Audit also receives information on Southwest Gas' low income programs. If the customer is interested or requests assistance, the Liberty Energy Auditor provides the customer with ESA Program information and/or assists them in filling out the Southwest Gas and Liberty CARE applications. Finally, Southwest Gas conducts direct outreach activities for both CARE and ESA with its overlapping electric utility partner.

#### 4. Participation barriers encountered and steps taken to mitigate them.

In table VI.A. below, Southwest Gas has identified a portion of CARE participants that were removed from CARE due to lack of response during recertification. The Company is researching different options to improve the response rate during the recertification process.

### C. Describe recommendations for improving outreach, including cost effectiveness and methods for reaching underserved households.

The annual application bill inserts, quarterly on-bill message, direct mailings, email blasts, online ads, phone enrollment, cold calling, phone re-enrollment, data sharing, monthly mailings, and website online enrollment and re-enrollment have proven to be the most cost-effective ways of maintaining CARE participation. Southwest Gas continues to investigate ways to reach underserved households. Southwest Gas also continues to pursue other new and innovative methods to improve and automate outreach efforts to maximize cost effectiveness.

## Table IV.A.2020 CARE Outreach Activities

Activity	Summary	Programs Promoted	Timeline	Status	Cost (Dollars)	Quantity
			February 2020

December	550	547	3	3	0	0
Total	10,445	10,308	137	131	0	6

## Table V.A.CARE Program Applications

## B. Describe any problems encountered during the reporting period with program management efforts.

Southwest Gas did not encounter any problems with CARE program management efforts during this reporting period.

#### **VI. CERTIFICATION AND VERIFICATION PROCESSES**

A. Provide a table showing the total number of participants asked to recertify their eligibility during the reporting period. The table should show the total recertification applications requested, the total recertification applications received, the total recertified, the total denied as ineligible, and the total returned to the participant as incomplete for the reporting period. Include the total number of participants who were removed from the program because they did not return the recertification application.

	Total F	Total Recertification Applications				Participants Removed		
Month	Requested	Received	Recertified [1]	Removed	No Response	Income Ineligible	Other [2]	
January	1,973	1,676	1,634	997	955	2	40	
February	1,487	1,187	1,151	507	471	6	30	
March [3]	0	1,590	1,548	43	0	1	42	
April	0	1,251	1,232	19	0	0	19	
May	0	1,128	1,107	21	0	0	21

September	0	234	220	14	0	0	14	
October	0	295	281	14	0	0	14	
November	0	364	347	17	0	0	17	
December	0	268	257	11	0	0	11	
Total	3,460	9,140	8,859	1,708	1,426	9	273	

#### Table VI.A. CARE Program Recertification

[1] Recertification totals inclusive of customers that recertify prior or after to request being sent.
 [2] 'Other' category consists of removal due to customer request, service termination, or seasonal ineligibility.

[3] Resolution M-4842 directed utilities to suspend CARE program removals.

B. Provide a table showing the total number of participants asked for income verification during the reporting period. The table should show the total verifications requested, the total verifications received, the total verified, the total denied as ineligible, and the total returned to the participant as incomplete for the reporting period. Include the total number of participants who were removed from the program because they did not respond to a request for income verification.

Month	Tota	Verification	on Reque	Participants Removed			
	Requested	Received	Verified [3]	Removed	No Response	Income Ineligible	Other [1]
January	225	160	154	152	146	0	6
February	175	135	128	143	136	1	6
March [2]	0	159	155	4	0	0	4

October	0	11	8	3	0	0	3
November	0	12	10	2	0	0	2
December	0	6	3	3	0	0	3
Total	400	867	817	332	282	1	49

#### Table VI.B. CARE Income Verification

[1] 'Other' category consists of removal due to customer request, service termination, or seasonal ineligibility.

[2] Resolution M-4842 directed utilities to suspend CARE program removals.

[3] Verification totals inclusive of customers that verify prior or after a request being sent.

## C. Describe the process for recertifying submetered tenants of master-metered complexes. Discuss any problems between master-metered ratepayers and submetered tenants that were encountered during the reporting period.

Similar to the recertification process for regular CARE customers, submetered tenants of master-metered Southwest Gas customers are mailed a CARE program recertification letter and application to their individual mailing address 59 to 65 days prior to their expiration date. If they do not respond within 20 days a reminder letter is mailed. If there is no response after another 15 days, another reminder letter is mailed. If there is no response 45 days from the original mailing date, a courtesy call is made to the CARE program participant, with the goal of speaking to the customer or leaving a message with a pin number for a secure return call message. If there is still no response, the customer is then terminated from the CARE program. On the third workday of each month, customers that were removed from the CARE program the prior month are mailed a brochure with an attached CARE application highlighting the benefits of the CARE program and recertification requirements.

Additionally, monthly, each master-metered customer receives a Southwest Gas utility bill and a letter advising them of the CARE program and their statutory obligation to offer this rate to their submetered tenants. The letter also includes a link to Southwest Gas' website for current rate schedules. Also enclosed with their monthly bill is the facility's monthly Submetered Tenant CARE Program Status Report that lists and identifies the submetered tenants removed, added, and currently enrolled in the CARE program during the current billing cycle. Southwest Gas did not identify any problems between master-meter ratepayers and submetered tenants during this reporting period.

# D. Describe any third-party process used for CARE certification, recertification, and verification processes. Describe how these processes compare with the utility's efforts as far as cost effectiveness and effectiveness in reaching underserved households.

Southwest Gas continues to internally administer the CARE program.

## E. How many complaints has Southwest Gas received resulting from its recertification efforts and what is the Company doing to ensure it is only losing customers that are not CARE-eligible?

Southwest Gas did not receive any recertification complaints during the reporting period.

#### F. Describe any success of using internet or apps as re-enrollment tools.

Southwest Gas provides all customers the opportunity to sign-up for both the CARE and ESA Programs online through the Company's website: <u>www.swgas.com</u>. During the reporting period, approximately 3,690 Southwest Gas customers utilized Southwest Gas' website to enroll and 4,482 customers recertified in the CARE program.

#### **VII. OTHER TOPICS**

#### A. What significant changes are there from the previous reporting period?

There were no significant changes during the reporting period.

## B. Are there any other comments, recommendations, or issues that need to be addressed?

Southwest Gas regularly meets with other Small and Multi-Jurisdictional Utilities (SMJU) and Investor Owned Utilities (IOU) to share best practices and streamline processes for the CARE and ESA programs. Collaboration among the utilities has proven to be beneficial and cost-effective.

Section II

## **CARE Expanded Program**

#### CARE EXPANDED PROGRAM

The CARE Expanded program is an extension of the residential CARE program that covers nonprofit homeless shelters and group living facilities, migrant farm worker housing centers, qualified privately-owned employee housing and qualified non-profit housing for agricultural employees.

#### I. PARTICIPANT INFORMATION

- A. Number of participating non-profit facilities, by type, by month. The data should be provided in numerical tables and also in graph form as follows:
  - 1. Give the total number of residential facilities and the total number of commercial facilities receiving the Expanded CARE discount.

As of December 31, 2020, Southwest Gas had 18 group commercial living facilities receiving the CARE Extended program discount. This information is provided below by month in Table I.A.1. and Figure I.A.1. There were no group residential living facilities within Southwest Gas' service territories that participated in the CARE Expanded program during the 2020 reporting year.

Month	Total
January	18
February	18
March	18
April	18
May	18
June	18
July	18
August	18
September	18
October	18
November	18
December	18

Table I.A.1.
Total CARE Expanded Program for Group Living Facilities
(Commercial Nonprofit)

## 2. Total number of residents (excluding caregivers) of residential and commercial non-profit CARE Expanded facilities.

The total number of residents in commercial non-profit group living facilities receiving the CARE Expanded program rate is 302. Table I.A.2. and Figure I.A.2. provide a breakdown of this information by facility.

Description	Total	Description	Total
Facility #1	99	99 Facility #11	
Facility #3	28	Facility #12	8
Facility #4	28	Facility #13	8
Facility #5	24	Facility #14	8
Facility #6	17	Facility #15	6
Facility #7	11	Facility #16	6
Facility #8	11	Facility #17	6
Facility #9	11	Facility #18	6
Facility #10	11	Facility #19	6
Tota	l Resid	ents	302

#### **II. PROGRAM COSTS**

A. Total CARE Expanded program administrative costs. Compute administrative costs per participating facility. Give a breakdown in the following categories: Outreach; General Administration; Processing, Certification and Verification; Billing System Programming; Regulatory Compliance;

Based on the limited number of CARE Expanded program participants, administrative costs were minimal and were not tracked separately from the CARE residential program.

1. Provide the amount and a brief explanation of what is included in each of these categories: Outreach, General Administration; Processing, Certification and Verification; Billing System Programming; Regulatory Compliance.

Please reference Southwest Gas' response to II.A, above.

#### B. Provide discount information for the CARE Expanded program.

1. Give the average annual discount per residential facility.

There are currently no residential group living facilities participating in the CARE Expanded program within Southwest Gas' California service territories.

#### 2. Give the average annual discount per commercial facility.

The total Expanded Care program discount for all facilities for the reporting period was \$11,565.56. The average annualized discount per commercial facility was \$642.53.

#### III. OUTREACH

## A. Provide a table showing the outreach activities undertaken, the number of customers reached (if known), and the number of applications returned as a result of the particular activity undertaken (if known).

During 2020, Southwest Gas did not conduct any outreach activities for its CARE Expanded program. Southwest Gas anticipates conducting outreach activities in 2021.

Outreach Applications						
Mailed	0					
Returned	0					
Outreach Mailings						
CARE, ESA, and Medical Baseline	0					

## Table III.A.CARE Expanded Program Outreach Activity

#### B. Provide a narrative discussion of the following:

1. Provide an analysis of the utility's most cost-effective outreach for the group living facilities;

Southwest Gas has a very small number of group living commercial facilities in its service territories. Southwest Gas has determined that cold calls and direct mailings are the most cost-effective outreach methods.

#### 2. Sharing information in overlapping service territories;

During this reporting period, Southwest Gas did not share its active CARE customer information for group living facilities with its overlapping electric utility counterparts but plans to coordinate efforts to include such information in 2021.

#### 3. Participation barriers encountered and steps taken to mitigate them;

Southwest Gas did not encounter any participation barriers during this reporting period.

#### 4. Public agencies used to solicit potential CARE Expanded facilities;

Southwest Gas did not utilize public agencies to solicit potential CARE Expanded program facilities during the reporting period.

## 5. Barriers encountered in identifying or enrolling customers in the CARE Expanded program.

Southwest Gas did not encounter barriers in enrolling or identifying customers in the CARE Expanded program.

#### IV. PROGRAM MANAGEMENT

A. Provide a table showing the total number of applications received, the total approved, the total denied as ineligible, the total returned to applicants as incomplete for the reporting period.

Table IV.A. provides the total number of applications received, approved, denied as ineligible, and returned as incomplete by Southwest Gas during the reporting period.

Applications						
Received	0					
Approved	0					
Denied	0					
Return incomplete	0					

### Table IV.A. CARE Expanded Program Applications Received Status

#### B. State the reasons CARE applications are not approved.

Although Southwest Gas did not deny any applications for the CARE Expanded program during the 2020 reporting year, an application may be denied for the following reasons:

- Incomplete applicant information;
- Applicant is determined to be ineligible based on information provided;
- Application verification show a misrepresentation of facts;
- Required documentation is not provided by applicant; or
- Applicant failed to sign the application.

## C. Describe any problems encountered during the reporting period with re-enrollment and verification processes for the CARE Expanded program.

Southwest Gas did not encounter any problems with the re-enrollment and verification processes for the CARE Expanded program. Additionally, pursuant to Resolution M-4842, effective in March 2020 through the remainder of the year, Southwest Gas suspended re-enrollment and verification processes for the CARE Expanded program.

#### **V. OTHER TOPICS**

#### A. What significant changes are there from the previous reporting period?

There were no significant changes during the reporting period.

B. Are there any other comments, recommendations, or issues? Analyze the CARE Expanded program, progress over the past 12 months, identify issues that need work, identify areas that need improvements and make suggestions for improvement.

Southwest Gas has no other comments, recommendations, or issues with respect to the CARE Expanded program at this time.

Section III

### **Energy Savings Assistance Program**

#### **VIII. ESA RESIDENTIAL PROGRAM**

Complete the following tables for the ESA Program.

Description	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter	2020 Total	Annual Budget [1]	% of Budget

#### VIII. Energy Savings Assistance Program

## F. Provide the number of homes treated each year, with ESA services, from 2002 to current.

Table VIII.F. depicts the total number of homes treated each year with ESA program services.

Program Year	Homes Treated		
2002	610		
2003	2,244		
2004	844		
2005	738		
2006	798		
2007	1,357		
2008	1,532		
2009	1,436		
2010	2,780		
2011	2,350		
2012	1,919		
2013	2,038		
2014	4,024		
2015	2,170		
2016	2,351		
2017	1,277		
2018	1,716		
2019	2,187		
2020	1,947		
Total	34,318		

## Table VIII.F.Total Number of Homes Treated with ESA Program

## G. Provide the estimated number of remaining homes to be treated, with ESA services, specifically, over the next program cycle leading up to end of year 2020.

Southwest Gas used the 60% willingness and feasibility to participate factor as authorized by the Commission in D.18-08-020 and estimates the remaining number of homes that were not treated by end of year 2020 was 2,631 households. Table VIII.G. illustrates how Southwest Gas calculated this number.

### Table VIII.G.Estimated Remaining Homes to be Treated by 2020

Description	Calculation	Amount
Estimated Eligible by year-end 2020	[A]	61,581
Estimated Unwilling (40%)	[A] x .40 = [B]	24,632
Estimated Eligible and Willing	[A] – [B] = [C]	36,949
Number of Homes Treated from 2002 - 2020	[D]	34,318
Estimated Remaining Homes	[C] – [D] = [E]	2,631

### H. Identify all willingness to participate factors being used for your utility and any other factors or barriers taken into consideration.

Southwest Gas has been working with its ESA Contract Administrator to provide more specific reasons why customers are unwilling to participate in the ESA program. The reasons that have been reported to Southwest Gas to date include the following:

- Skepticism/outsiders unwelcome
- Language barriers
- Owner/landlord refusal
- No need
- Changed mind
- Availability/time requirements
- Lack proper documentation to prove income-eligibility
- Did not meet the residency timeline requirements

Southwest Gas continuously looks for ways to improve the ESA program participation and address the aforementioned barriers and other barriers that may be reported to the Company in the future.

### I. Describe the follow-up letter to ESA program participants to encourage continued energy savings.

Southwest Gas mails a letter to each ESA program participant thanking them for their participation in the program and reminding them to be conscious of their energy and water usage. The letter also includes an insert with energy and water conservation low cost / no cost tips. Both the letter and insert are provided in both English and Spanish languages.

#### J. Describe the number of "first touches" and "go backs", including any repeat "go backs" where a household is treated more than once during a program cycle.

Table VIII.H. illustrates the number of "first touches" and "go backs" for Program Year 2020.
