Previous Six Months of IOU Administrative Expenses (Each IOU)

This is the ninth semi-annual SOMAH Report for the SOMAH program. The narrative incorporates activities which occurred from January 1, 2023, through June 30, 2023.

As of June 30, 2023, the IOU's recorded a combined total of \$4,840,920 in administrative costs, as reflected in Table 7 above **Total IOU SOMAH Program Administration Expenses to Date**.

Regulatory Compliance [6]:

SDG&E – SDG&E charged \$18,414 to the SOMAH balancing account for the policy and compliance staff support during the Reporting Period. As is SDG&E's practice, policy/compliance staff are largely funded by individual programs and not through any other sources.

¹ Pacific Gas and Electric Company (PG&E), Southern California Edison Company (SCE), San Diego Gas & Electric Company (SDG&E), PacifiCorp, and Liberty Utilities (CalPeco Electric) LLC (Liberty).

SCE – SCE recorded zero dollars to the metric Regulatory Compliance in the Reporting Period.

PG&E – PG&E recorded zero dollars to Regulatory Compliance in this reporting period. Any of PG&E's regulatory compliance support work for the SOMAH Program not detailed under Program Management Support is under the general operation of the business and is not tracked separately or at the program level.

Liberty – Liberty recorded \$352 in expenses related to regulatory compliance for the Program in the Reporting Period.

PacifiCorp – PacifiCorp reported zero dollars to regulatory compliance in the Reporting Period.

Program Management Support [7]:

SDG&E – \$64,479 was charged to the Program's balancing account for the staff costs. SDG&E books a percentage of discreet full-time employee time for staff who work on the Program.

Administrative activities may include:

- Coordination between statewide program stakeholders (Program Administrator (PA), IOUs, Energy Division) on SOMAH program activity and proposed changes.
- Refining processes for data requests and executing data requests.
- Processing and tracking administrative costs, incentives, and budget.
- Management oversight of SOMAH activities.
- Coordination with internal resources such as Procurement staff who compile the CARB reports due each June and legal which reviewed the revised incentive contract with Center for Sustainable Energy (CSE).
- Labor to support internal processes and coordination between multiple SDG&E departments for invoicing, incentive payments, accounting/monthly expenditures.
- Labor to support the evaluation, measurement and verification process as the contracting agency.

SCE – SCE recorded \$173,797 during the Recording Period for the following work performed

- Administrative costs include coordination between the CSE, Energy Division, and other IOUs as needed.
- As the IOU lead, SCE held bi-weekly meetings with Energy Division and CSE to discuss program operation status. Regularly discussed invoice submittal and approval dates to ensure timely payments and ensuring CSE is made whole.
- As the IOU lead, SCE prepared and submitted IOU co-funding invoices for reimbursement once approved by Energy Division and paid to CSE. Sent consistent communications following up on payment status to ensure timely payments and ensuring SCE's balancing accounts are accurate and up to date.
- Regularly responded to data requests from CSE regarding customer usage information and returned within desired service level agreement between both parties.
- Progress and Final incentive requests were verified and processed for payment during the Reporting Period.
- Responding and preparing data requests required for the program evaluation process.

PG&E – PG&E's internal administrative expenses for this reporting period were \$36,911.

Administrative tasks include:

- Coordination between the PA, Energy Division, and other IOUs.

- Maintaining the data request web portal and responding to portal inquiries from the PA.
- Work associated with program set-aside in the annual Energy Resource Recovery Account (ERRA) filing and other filings.
- Work associated with the annual reporting on Greenhouse Gas (GHG) impacts and spending to the California Air Resources Board (CARB).
- Financial planning and analysis.
- Reviewing and approving PA administrative invoices from SCE per the co-funding agreement.
- Reviewing and approving SOMAH projects for the full incentive amount or progress payments.
- Reviewing and approving incentive invoices from the PA for payment.
- Responding to data requests and questions from the program evaluator and reviewing the evaluation report.

Liberty – The total administrative expenses of \$1,781 are contributed to program management support. These costs are internal administration labor hours to support collaboration with the PA and the other IOUs. Recorded expenses in the SOMAH Balancing Account include amounts invoiced to Liberty by SCE per the Co-funding agreement. PA administrative expenses are \$1,463 for the reporting period.

PacifiCorp – PacifiCorp recorded \$2,677 of internal program management support costs in the Reporting Period, which includes maintenance of internal processes required to offer the SOMAH program, preparation for and attendance of recurring working group meetings, supporting SOMAH outreach efforts, and ad hoc discussions with the SOMAH PA. There are no travel expenses associated with this period.

IT / Customer Billing [8]:

SDG&E – SDG&E recorded \$21,360 costs to the IT / Customer Billing category during this reporting period. Zero cost were attributed to IT; the \$21,360 was expensed for the following billing related activities:

- Customer VNEM allocation setup
- Maintenance
- Monthly billing

SCE – SCE recorded \$149,249 to the metric IT/Customer Billing during the Reporting Period. Costs are attributed to climate credit calculations needed as part of customer billings.

PG&E – PG&E recorded \$35,505 for maintaining a web portal to request energy usage data for SOMAH participating buildings. Data requests include the most recent 36 months of energy usage data for both common area meters and tenant meters, including previous tenant accounts. Costs for this reporting period include licenses, operation and maintenance expenses, and pulling reports. PG&E did not record any billing costs during this reporting period.

Liberty – Liberty recorded zero dollars related to IT or customer billing costs in the Reporting Period.

PacifiCorp – PacifiCorp did not incur any IT/Customer Billing expenses to report in the Reporting Period.

Forecasted IOU Administrative Expenses (Each IOU)

Regulatory Compliance [6]:

SDG&E – SDG&E expects to spend \$15,000 on policy/compliance activities, including all reporting & regulatory filings and data requests.

SCE – SCE does not anticipate costs billed to this category in the next reporting period.

PG&E – Any regulatory compliance support work not detailed under Program Management Support for PG&E is under the general operation of the business and is not tracked separately or at the program level. PG&E does not anticipate costs billed to this category in the next reporting period.

Liberty – Liberty is forecasting an amount of \$1,114 for the category of regulatory compliance. This amount is reflective of the incremental costs incurred to prepare the previous semi-annual report and meet other regulatory ad hoc requests pertaining to the SOMAH program.

PacifiCorp – PacifiCorp anticipates that internal labor costs associated with Regulatory Compliance will total approximately \$800. This estimate represents the time that employees will spend in preparing the subsequent Semi-Annual Report and responding to any ad hoc data requests.

Program Management Support [7]:

SDG&E – SDG&E expects to spend approximately \$65,000 on program support from administrative personnel including a program advisor, data analyst, accountant, and customer programs manager. Administrative tasks are expected to include data request compilation, coordination with statewide stakeholders, incentive processing, tracking monthly & annual expenses, customer enrollment, as well as management oversight.

SCE – SCE anticipates spending \$180,000 in the next reporting period for activities related to Program Management Support. Activities that fall into this category include, but are not limited to, cursory review of completed Incentive Claim Form (ICF) packets submitted for incentive payment, review of PA quarterly advance payment invoice for forecasted administrative work to be performed and providing payment, review of invoices for actual work performed, invoicing other IOUs for reimbursement of their portion of PA administrative costs paid against the co-funding agreement, leading bi-weekly coordination meetings with the PA (ongoing), responding to data requests from both the PA and Energy Division, marketing tied to activities outlined in the approved annual marketing plan, and management of the contract between SCE and the PA.

PG&E – PG&E anticipates spending \$57,000 in the next reporting period on program management support activities, which include reviewing and processing of administrative invoices, reviewing approved SOMAH projects at Incentive Claim stage or Progress Payment, reviewing of incentive invoices for payment approval, responding to any questions or issues from the Program Administrator regarding the web portal tool to request energy usage data, and any coordination between internal and/or external parties.

Liberty – Expenses for the category of Program Management Support exclude the administrative costs invoiced to Liberty by SCE. Liberty is forecasting a similar amount of work to take place during the subsequent reporting period. The total forecasted amount for this category is \$1,426.

PacifiCorp – PacifiCorp anticipates that internal labor costs associated with Program Management Support for the next reporting period will total approximately \$13,554. This estimate reflects the time that incremental employees will spend in maintaining the processes necessary to exchange data with the SOMAH PA, and coordinate with Energy Savings Assistance (ESA) agencies, among other tasks.

IT / Customer Billing [8]:

SDG&E – \$45,000 of billing related expenses is expected for one billing resource for customer allocation setup, maintenance, and monthly billing as projects are finalized.

SCE – SCE anticipates \$150,000 in customer billings costs billed to this category in the next reporting period. Projected costs are attributed to climate credit calculations needed as part of customer billings.

PG&E – PG&E forecasts \$40,000 in expenses related to ongoing operational costs to maintain the web portal to request energy usage data for SOMAH participating buildings. PG&E does not anticipate any billing expenses in the next reporting period.

Liberty – Expenses related to IT and customer billing are dependent on participation in the Program. Liberty has two participants in its service territory. At the time of this report, any expenses in this category for the forecasted reporting period are uncertain. Liberty anticipates incremental costs for this category to be \$7,060, recorded in the next reporting period.

PacifiCorp – PacifiCorp anticipates that internal labor costs associated with IT/Customer Billing will total approximately \$400. This estimate reflects the time that employees will spend maintaining readiness to implement the manual billing processes necessary to provide VNEM credits to tenants of SOMAH participating properties.

Liberty's forecast set-aside for 2023 is \$332,411. Per D.22-09-009, the sum of \$399,970.99 and a true-up of \$378,671 (per AL 194-E) minus the SOMAH transfer, \$446,231 (approved in D.22-09-013) equals \$332,410.99. Expressed as: \$399,970.99+(\$378,671-\$446,231) = \$332,410.99 (rounded to \$332,411). Liberty's 2023 ECAC (A.22-11-018). Expected Decision in September, 2023.

Expenses related to IT and customer billing are dependent on participation in the Program. Liberty is aware of two participants in its service territory. At the time of this report, Liberty does anticipate incurring expenses in this category for the forecasted reporting period. Liberty anticipates approval of 2023 ECAC in the July 1-December 31, 2023 reporting period. There are no pending approvals for transfer in the forecasted reporting period. Upon 2023 ECAC approval during the next six months, Liberty will transfer SOMAH funding accordingly.

[2] Individual IOU's projected co-funding contributions to Energy Division's annual budget of \$500,000 for activities related to implementation and oversight of the SOMAH Program. Use the formula from D.17-12-022, page 36, to determine each IOU's proportion of the total. Per D.17-12-022 OP 14, modified by D.19-03-15, Energy Division's EMV budget comes from the administrative budget and subject to those same rules.			
[3] For field "B" include only the Individual IOU's SOMAH funds approved and transferred in this report period, note the transfer date(s) and Decision citation(s) in the 'Response to Notes' table below (per Individual IOU). This is inclusive of all SOMAH funds to be transferred, including SOMAH Actual Set-Aside and any Prior Year True-Up Amounts.			
[3A] Field "B1" each Individual IOU should include the total SOMAH budgeted amount (actual set-aside and true-up amount) to be set-aside for SOMAH during the report's calendar year (Jan - Dec) and is for informational purposes only. Each Individual IOU in the "Response to Notes" table, list 1) the ERRA/ECAC decision or application and 2) expected CPUC Decision date (if not yet approved). This is not added to the "Ending Balance" and is for information only. Each Individual IOU in the July Report submission, the "Forecasted Amounts" (Excel Column E) should capture the next year's SOMAH Budget request and provide the ERRA/ECAC application number in the 'Response to Notes' table below. If the Individual IOU's ERRA/ECAC Application has not been submitted by the July report submittal date, leave "Forecasted Amounts" (Excel Column E) empty.

If Lead Individual IOU has a separate balancing account, then indicate that in 'Response To Notes' table, along with basic contract information (total budgeted dollar amount, start/end dates, and purpose) and do not enter a value in Excel Columns C or D in 'SOMAH Program' Table 1.
