The California Public Utilities Commission (CPUC) wants to hear from you! A Public Participation Hearing (PPH) has been scheduled to receive your comments about Cal-Ore Telephone Co.'s (Cal-Ore) request to adjust its revenue requirement, but not its basic residential or business rates, and for other further relief, as discussed below. The PPH will be held virtually—comments will be received telephonically, and the event will be webcast online. A CPUC Administrative Law Judge (ALJ) will be presiding at this PPH to listen to concerns, comments, and opinions on the application. One or more Commissioners or their advisors may attend, but no decisions will be reached at this hearing. All public comments from this PPH will be included in the administrative record of this proceeding and become public record. The remote hearing location, date and time, and details on how to view and participate are listed above. Any customer may observe the remote PPH via the webcast information provided above. To participate and provide public comment, dial the toll-free telephone number and provide the passcode noted above. When it is time for public comment, an ALJ will make an announcement through the telephone line for those who wish to speak. Participants who wish to speak must then press “star one (*1)” to alert the operator, who will queue the speakers one-at-a-time and announce each speaker’s name at the allotted time.

You may also submit written comments at any time directly to the PAO at the address noted at the bottom of this notice. You may also submit written comments by using the “Add Public Comment” button on the “Public Comment” tab of the Docket Card for A.23-10-007 at apps.cpuc.ca.gov/c/A2310007

If you need a language or sign interpreter, or would like to request assisted listening devices, please contact the CPUC's Public Advisor's Office (PAO) at least five business days prior to the hearing.

ABOUT THE APPLICATION

On October 2, 2023, Cal-Ore filed an application with the CPUC requesting a review of its intrastate rates, revenue requirement and rate design. Cal-Ore does not propose to change the rates for its basic residential or basic business rates. Cal-Ore’s application includes a request to review California High Cost Fund-A amounts that the company receives.

Cal-Ore's current residential end user rate is \$25.00 per month, which is approximately \$35.42 when applicable federal and state fees and surcharges are included. This rate is consistent with the Commission’s decision resolving Phase 2 of the California High Cost Fund A (CHCF-A) proceeding, Decision 21-06-004, which found that small incumbent local exchange carriers' residential basic rates must be set within a range of \$30.00 to \$40.00, including federal and state fees and surcharges.

In setting rates in this proceeding, the Commission will consider input from other parties, including Cal Advocates, who may propose rates that are higher or lower than Cal-Ore’s proposed rates but also within the Commission’s required residential all-inclusive rate range of \$30.00 to \$40.00 mentioned above. In resolving this proceeding, the Commission may adopt any party’s proposal, or it could adopt a proposal of its own, which could involve rates that are higher or lower than the rates presented.

Cal-Ore believes that its proposal is necessary to preserve its access to universal service support from state and federal sources and to ensure that it can continue to provide safe, reliable, modern telecommunications services to its customers, while covering its expenses and earning a reasonable rate of return on its investments.

Further information may be obtained by contacting Cal-Ore's Business Office toll free at 1-800-858-2399. A copy of Cal-Ore's application and its related exhibits are available at the office of the CPUC at 505 Van Ness Avenue, San Francisco, California 94102, or at Cal-Ore's Business Office located at 719 W 3rd Street, Dorris, California 96023. An electronic copy of the application and its related exhibits may be examined on the Docket Card of the CPUC’s website at apps.cpuc.ca.gov/p/A2310007.

CAL ADVOCATES' PARTICIPATION

Parties to the proceeding will review Cal-Ore's application, including Cal Advocates, which is an independent consumer advocate within the CPUC. For more information about Cal Advocates, please call 1-415-703-1584, e-mail address at publicadvocatesoffice@cpuc.ca.gov or visit Cal Advocates' website at publicadvocates.cpuc.ca.gov.

CPUC PROCESS

The assigned ALJ will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) will be held where utilities, consumer advocacy groups, and other entities which have been given official status as "parties," will present their testimony and may be subject to cross-examination by other parties. The schedule for these EHs will be determined in the forthcoming scoping memo and ruling from the assigned ALJ for this proceeding. The parties expect these hearings to be held virtually. They will be open to the public, but only those who are parties may actively participate. The hearings and documents submitted in the proceeding become what the ALJ relies upon when writing a proposed decision to present to the Commissioners for their consideration.

After considering all proposals and all evidence presented during the formal hearing process, the assigned ALJ will issue a proposed decision determining whether to adopt Cal-Ore's request, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision. The proposed decision, and any alternate decisions, will be discussed and voted upon at a CPUC Voting Meeting.
