

**NOTICE OF INTENT TO AWARD**

**RFP #17PS5017**

for:

**Energy Efficiency Program Oversight and Evaluation of the Group B Sectors: Codes & Standards Development and Adoption; Emerging Technologies Programs; Finance Programs; Local Government Partnerships, Community Choice Aggregators, and Regional Area Networks; Marketing, Education & Outreach; Workforce Education and Training; and Zero Net Energy**

June 12, 2018

On April 23<sup>rd</sup>, 2018, the California Public Utilities Commission (CPUC) released a competitive solicitation RFP #17PS5017 titled “Energy Efficiency Program Oversight and Evaluation of the Group B Sectors: Codes & Standards Development and Adoption; Emerging Technologies Programs; Finance Programs; Local Government Partnerships, Community Choice Aggregators, and Regional Area Networks; Marketing, Education & Outreach; Workforce Education and Training; and Zero Net Energy” under its Energy Division Energy Efficiency Branch. The purpose of this solicitation is to fund one contractor team to perform a series of tasks to quantify the impact of various Energy Efficiency measures undertaken in California.

The proposals were screened and evaluated using the criteria and process dictated in the solicitation. The proposed awardee is as follows:

<b>Proposed Awardee:</b>
<b>Opinion Dynamics</b>

This notice is being emailed to all applicants of the solicitation and is also posted in the CPUC lobby at 505 Van Ness Avenue, San Francisco, CA 94102.

If CPUC is unable to timely execute a funding agreement with the Proposed Awardee, CPUC, at its sole discretion, reserves the right to cancel or otherwise modify the pending award.

The Commission wishes to extend its gratitude to all applicants and participants in this solicitation process.
