¹2020 compensation from Southern California Edison Company (SCE), Edison International (EIX), or EIX subsidiaries other than SCE or (i) EIX's named executive officers in the 2021 EIX Proxy Statement ("2021 Proxy") and (ii) SCE's executive officers and other employees with an annual base salary rate at or above \$250,000 as of 12/31/2020 or the last date of employment in 2020. See the Narrative Statement Describing Compensation Elements in this GO 77-M report for additional information.

²This column shows SCE titles as of (i) 12/31/2020 for individuals employed by SCE on that date or (ii) the most-recent date in 2020 employed by SCE for individuals not employed by SCE on 12/31/2020. For EIX named executive officers who were not employed by SCE on 12/31/2020, this column shows titles as of 12/31/2020 or the last date of employment in 2020.

³This column shows performance-based bonuses and follows the reporting for column (g), "Non-Equity Incentive Plan Compensation," of the Summary Compensation Table in the 2021 Proxy ("Summary Compensation Table").

⁴This footnote is on page 3.

⁵This footnote is on page 4.

⁶This footnote is on page 5.

Footnote 4 to the "Summary of 2020 Compensation" table on page 2: This footnote 4 pertains to the "Stock Awards" and "Option Awards" columns on page 2. The amounts reported in those page 2 columns are the estimated grant-date values of 2020 awards, using the methodology described in the 2021 Proxy for columns (e), "Stock Awards," and (f), "Option Awards," of the Summary Compensation Table. 2020 stock awards consisted of performance shares and restricted stock units. 2020 option awards consisted of non-qualified stock options.

The Footnote 4 table below uses the methodology described in the "Option Exercises and Stock Vested" section of the 2021 Proxy to show: the value realized on exercise of stock options in 2020; and the value of performance shares and restricted stock units that vested in 2020.

Footnote 5 to the "Summary of 2020 Compensation" table on page 2: This footnote pertains to the "Change in Pension Value and Non-Qualified Deferred Compensation Earnings" column on page 2 (the "Page 2 Pension/NQDC Column"). The Page 2 Pension/NQDC Column uses the methodology described in the 2021 Proxy for column (h), "Change in Pension Value and Non-Qualified Deferred Compensation Earnings," of the Summary Compensation Table.

The "Pension" column in the following Footnote 5 table shows what portion of the amount in the Page 2 Pension/NQDC Column represents a change in the actuarial present value of the accumulated benefit under the qualified and non-qualified pension plans. The "NQDC Earnings" column shows what portion of the amount in the Page 2 Pension/NQDC Column represents above-market interest on Non-Qualified Deferred Compensation (NQDC) plan account balances.

⁷ In accordance with Securities and Exchange Commission rules, decreases in pension values are not included in the amount reported in the proxy for column (h), "Change in Pension Value and Non-Qualified Deferred Compensation Earnings," of the Summary Compensation Table. For consistency, decreases in pension values are also not included in the amount reported in the Page 2 Pension/NQDC Column or the "Total" column on this page.

Footnote 6 to the "Summary of 2020 Compensation" table on page 2: The following Footnote 6 table provides a breakdown of the amounts included in "All Other Compensation" on page 2. "Plan Contributions" shows total company contributions for the Edison 401(k) Savings Plan and the non-qualified deferred compensation plan. "Perquisites" shows formal perquisites taxed as compensation. Amounts that some may view as perquisites, but were solely business expenses paid through Accounts Payable are not shown; instead, they are included in the "Expenses" reported in Section 1.a of this filing. "Employee Regular Benefits" pertains to broad-based employee benefits other than retirement and savings plans. "Additional Compensation" is described in footnote 10 below.

⁸EIX has a matching gift program that provides assistance to qualifying tax-exempt public charities and U.S. governmental subdivisions by matching dollar-for-dollar gifts by directors up to \$10,000 per calendar year. Mr. Pizarro participated in this program in his capacity as a director. EIX made matching gifts totaling \$10,000 to educational institutions. The matching gifts were not taxable compensation.

⁹Since active employees do not receive, and may never receive, post-retirement health benefits from the company, the amounts listed in the Employee Regular Benefits column do not include any costs for post-retirement health benefits. However, the company does accrue a liability based on actuarial assumptions as to expected future post-retirement health benefit costs for active employees. For 2020, the actuarially-determined average annual cost, per employee, of post-retirement health benefits was \$591.

¹⁰In connection with their respective separations from service or leaves of absence, Messrs. [REDACTED] and [REDACTED] accrued or were paid amounts totaling \$400,567, \$111,334, \$38,999, \$35,862, \$24,193, \$15,294, and \$10,296, respectively, for their accrued and unused vacation benefits. Messrs. [REDACTED] and [REDACTED] received payments totaling \$75,000, \$37,500, \$30,000, \$60,000, \$40,000, and \$35,000, respectively, that were paid pursuant to the terms of their employment. Messrs. [REDACTED], [REDACTED], and Mr. [REDACTED] received relocation and/or mileage payments totaling \$39,250, \$25,677, \$7,412, and \$33,996, respectively.

The expenses paid through Edison's corporate credit card may include (i) procurement or fleet related costs incurred on behalf of a department or organizational unit and (ii) personal costs that were subsequently reimbursed by the employee

Section 1.b

Proportion of Compensation Paid Directly or Indirectly by Utility Ratepayers

SOUTHERN CALIFORNIA EDISON COMPANY
PROPORTION OF COMPENSATION PAID DIRECTLY OR INDIRECTLY BY UTILITY CUSTOMERS
FOR THE YEAR ENDED DECEMBER 31, 2020

In Decision (D.) 19-05-020, the California Public Utilities Commission resolved Southern California Edison Company's (SCE's) 2018 General Rate Case ("2018 GRC"), authorizing SCE to recover the following portion of 2018 forecast costs to be paid by customers: all of the forecast costs for salary for executive officers¹ and most of the forecast costs for salary for other executives; 60 percent of the forecast costs for short-term incentives; half of the forecast costs for executive retirement plan ("ERP") benefits; all of the forecast costs for qualified pension plan benefits for employees (including executives); and all of the forecast costs for the 401(k) savings plan, medical, dental, and vision programs, and broad-based disability and life insurance benefits for employees (including executives).² The 2018 GRC decision did not approve recovery of any costs for long-term incentives or non-qualified deferred compensation ("NQDC") earnings or company contributions. The 2018 GRC decision also implemented a ratepayer funding prohibition effective January 1, 2019 for compensation paid to officers, as determined for purposes of Public Utilities Code 706, as revised by Senate Bill 901.³ With respect to the costs presented in Sections 1 and 1.a of this filing,⁴ assuming application of the percentages adopted in the 2018 GRC decision, recovery from customers of (i) zero percent of the costs presented for SB 901 Officers, (ii) up to 100% of the costs presented in the "Salary" column for SCE executives (other than SB 901 Officers) whose positions were included in the test year forecast for the 2018 GRC (excluding SB 901 Officers, "Covered SCE Executives")⁵ and 30 percent of the "Salary" costs for Allocated EIX Officers,⁶ (iii) 60 percent of the costs presented in the "Bonus" column for Covered SCE Executives⁵ and zero percent of "Bonus" costs for Allocated EIX Officers, (iv) none of the costs presented in the "Stock Awards" and "Option Awards" columns, (v) 50 percent of the ERP costs and all of the qualified pension plan costs for Covered SCE Executives,⁵ none of the ERP or qualified pension plan costs for Allocated EIX Officers, and none of the NQDC costs included in the "Change in Pension Value and Non-Qualified Deferred Compensation Earnings" column, (vi) up to 100 percent of the costs presented in the "All Other Compensation" column for Covered SCE Executives and up to 30 percent of such costs for Allocated EIX Officers, and (vii) up to 100% of the costs presented in the Summary of 2020 Expenses table for Covered SCE Executives and 30 percent of such costs for Allocated EIX Officers,^{5,7} results in utility customers paying (directly or indirectly) less than 30 percent of the aggregate compensation in the "Total" column of the Summary of 2020 Compensation table and the "Expenses" column of the Summary of 2020 Expenses table.

¹ SCE's estimated salary costs included allocated costs from Edison International ("EIX") for 30 percent of the estimated salaries of EIX's chief executive officer, chief financial officer, and general counsel (the "Allocated EIX Officers").

² SCE's estimated costs for broad-based benefit plans included allocated costs from EIX for 30 percent of the estimated benefits of the Allocated EIX Officers.

³ SCE's officers for purposes of SB 901 are its executive officers under U.S. Securities and Exchange Commission Rule 3b-7 ("SB 901 Officers").

⁴ Respectively consisting of "EIX Named Executive Officers and SCE Officers and Employees Base Salary of \$250K+ Per Year, Summary of 2020 Compensation" (the "Summary of 2020 Compensation"), and "EIX Named Executive Officers and SCE Officers and Employees Base Salary of \$250K+ Per Year, Summary of 2020 Expenses" (the "Summary of 2020 Expenses").

⁵ Some of the individuals listed in Section 1 as being SCE executives on 12/31/20 were either executives of both SCE and EIX for all or part of 2020 or were solely EIX executives earlier in 2020. For these individuals, a smaller proportion of costs was recoverable than for individuals who were not EIX executives at any point in 2020.

⁶ For 2020, Messrs. Pizarro and Umanoff and Ms. Rigatti were treated as Allocated EIX Officers.

⁷ For the individuals listed in Section 1 as EIX executives, many or most of the costs presented in the Summary of 2020 Expenses table for those individuals were not recoverable from customers.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Southern California Edison Company Management:

We have performed the procedures enumerated in the Independent Accountant's Report on Applying Agreed-upon Procedures dated April 29, 2021 (the "Report"), which were agreed to by management of the Southern California Edison Company (the "Company"), to assist the management of the Company in evaluating the compliance of the 2020 Tables (the "2020 Tables" are included in the Company's General Order No. 77-M 2020 Annual Report and consist of the Southern California Edison Company EIX Named Executive Officers and SCE Officers and Employees, Base Salary of \$250K+ Per Year, Summary of 2020 Compensation table, including the footnote 4, footnote 5, and footnote 6 tables thereto, and the Southern California Edison Company EIX Named Executive Officers and SCE Officers and Employees, Base Salary of \$250K+ Per Year, Summary of 2020 Expenses table) with subsections (a) and (c) of the California Public Utilities Commission's (the "CPUC's") General Order No. 77-M. The Company's management is responsible for the Company's compliance with those requirements. The sufficiency of the procedures is solely the responsibility of the Company's management. Consequently, we make no representation regarding the sufficiency of the procedures described in the Report either for the purpose for which that Report has been requested or for any other purpose.

The procedures we performed were not intended to address legal issues as to whether an item is required to be disclosed nor are they designed to address compensation disclosures required by General Order No.77-M subsections other than subsections (a) and (c).

For purposes of performing the agreed-upon procedures, no exceptions were reported for differences of \$1,000 or less resulting solely from the rounding of amounts disclosed.

Based on the procedures we performed, we noted no exceptions with respect to the 2020 Tables.

The agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on compliance with specified requirements. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The Report is intended solely for the information and use of (i) the management of the Company and (ii) the CPUC, and is not intended to be, and should not be, used by anyone other than these specified parties, except as otherwise provided under applicable law.

Section 3

Narrative Statement Describing Compensation Elements

SOUTHERN CALIFORNIA EDISON COMPANY
Narrative Statement Describing Compensation Elements
Pursuant to General Order No. 77-M
For the Year Ended December 31, 2020

The summary of 2020 compensation submitted as part of this filing and described herein as “EIX Named Executive Officers and SCE Officers and Employees, Base Salary of \$250K+ Per Year, Summary of 2020 Compensation” (the “Summary”) generally follows the presentation included in the Edison International (“EIX”) 2021 Proxy Statement (the “Proxy”), which discloses the 2020 compensation of named executive officers of EIX, including the President and Chief Executive Officer of Southern California Edison Company (“SCE” and, together with EIX, the “Companies”). However, as the California Public Utilities Commission noted in its Decision (06-12-029) adopting General Order No. 77-M (“G.O. 77-M”), the regulatory purposes served by the report are not identical to those reflected in the Securities and Exchange Commission (“SEC”) proxy rules governing executive compensation disclosure. A primary difference between the two is the fact that the rules governing G.O. 77-M call for the disclosure of “total compensation” (as specifically described) either (i) received in the past year or (ii) awarded in the past year but not yet received, while the proxy rules generally require more expansive disclosure including compensation accrued over past periods. Nevertheless, the SEC proxy disclosure rules mandate fairly detailed descriptions of various executive compensation benefit plans, set forth in plain English, especially in the “Compensation Discussion and Analysis” (“CD&A”) section. Accordingly, the narrative that follows makes extensive cross-references to the CD&A and related discussions contained in the Proxy.

Base Salaries

Base salaries are paid in cash. The Executive Compensation and Personnel Committees of the Boards of Directors for EIX and SCE (each the “Committee” and together, the “Committees”) annually review and set base salaries for officers at and above the level of Senior Vice President (“Senior Officers”), while Company management annually reviews and sets base salaries for other executives. This annual process is currently completed each February.

The Companies generally target a competitive range of +/-15% around the market median for comparable positions for each of the following elements of compensation: base salaries; target annual incentive awards; and target values for long-term incentive awards.¹ For more information regarding base salaries, please see pages 47 and 55-57 of the Proxy.

Annual Incentives

Toward the start of each year, the Committees establish corporate performance goals for the year and the Committees and Company management set target annual incentive awards for Senior Officers and other executives, respectively, in accordance with the terms of the EIX Executive Incentive Compensation Plan. The annual incentive award target value for each executive is set as a percentage of base salary.

¹ The Committees and management may vary time to time from the competitive range, after taking into account the executive’s experience, time in position, individual performance, internal equity, retention concerns, or other factors they consider relevant under the circumstances.

The 2020 corporate performance goals established under the EIX Executive Incentive Compensation Plan reflected key objectives for the year in the following goal categories: foundational goals; safety & resiliency; financial performance; and operational excellence & strategic advancement. For each goal category, the Committees assigned a target score equal to the relative weight given that goal category and a potential score range. As they have done in prior years, the Committees retained discretion to reduce 2020 annual incentive awards for all or some participants if one or more foundational goals were not met.

In February 2021, the Committees determined the score achieved for each 2020 goal category, depending on the extent to which the goals were unmet, met or exceeded. This determines the initial corporate performance factor, but the Committees have discretion to increase or decrease that factor for all executives or subsets of those executives. The Committees also have discretion to determine the individual performance factors for Senior Officers, while Company management has discretion to determine the individual performance factors for other executives.

The 2020 annual incentive award for each executive was determined by multiplying (i) the target value set for that executive, by (ii) the final corporate performance factor for that executive and (iii) that executive's individual performance factor for the year.

For more information regarding 2020 annual incentive awards, including additional information regarding performance metrics and criteria, please see pages 47-51 and 55-57 of the Proxy.

Long-Term Incentives

In 2020, each executive's long-term incentive award value was in the form of 50% EIX non-qualified stock options, 25% performance shares, and 25% restricted stock units. The performance shares and restricted stock units provide for reinvested dividend equivalents, while the stock options contain no dividend equivalent rights. Long-term incentive award values were set as a percentage of base salary.

Non-Qualified Stock Options

Each stock option granted by EIX in 2020 may be exercised to purchase one share of EIX common stock at an exercise price equal to the closing price of a share of EIX common stock on the applicable grant date. The 2020 stock options vest over a four-year period, subject to continued employment (unless employment terminates for certain reasons as described in the Proxy), with one-fourth of each award generally vesting and becoming exercisable January 4, 2021, January 3, 2022, January 3, 2023, and January 2, 2024.

For additional information regarding non-qualified stock options, please see pages 52 and 76 of the Proxy.

Performance Shares

Each contingent performance share awarded in 2020 is a contractual right to receive one share of EIX common stock, subject to the performance vesting requirements described below and a

continued service vesting requirement (employment with the Companies until December 31, 2022 is required to receive a payout, unless employment terminates for certain reasons as described in the Proxy). Half of each executive's 2020 contingent performance share award is subject to a performance measure based on relative total shareholder return ("TSR") over a three-calendar-year period compared to the other companies in the Philadelphia Utility Index. No TSR performance shares will be paid if the TSR is below the 25th percentile, 25% of the target number of shares will be paid if the TSR is at the 25th percentile, and the target number of shares will be paid if the TSR is at the 50th percentile. Shares earned can be a multiple of up to two times the number of TSR performance shares granted if the TSR is at or above the 75th percentile of the comparison group. The number of shares paid will be interpolated on a straight-line basis for TSR rankings between the 25th and 50th or between the 50th and 75th percentiles.

The other half of each executive's 2020 contingent performance share award is subject to a performance measure based on EIX's three-year average annual core earnings per share measured against target levels. The performance multiple for each calendar year in the performance period is based on EIX's actual core earnings per share ("EPS") performance as a percentage of the EPS target for that year ("EPS Percentage"), as follows: the performance multiple is zero if the EPS Percentage is below 80%, 0.25 if the EPS Percentage is 80%, 1.00 if the EPS Percentage is 100%, and 2.0 if the EPS Percentage is at or above 120%. If EIX's EPS Percentage is between 80% and 100% or between 100% and 120%, the EPS performance multiple will be interpolated on a straight-line basis, with discrete intervals at every 4th percentile. The EPS performance multiples achieved for each calendar year in the three-year performance period will be averaged, and the resulting average will determine the EPS performance share payout as a multiple of target.

For additional information regarding performance shares, please see pages 52-54 and 76 of the Proxy.

Restricted Stock Units

Each restricted stock unit awarded in 2020 is a contractual right to receive one share of EIX common stock if continued service vesting requirements are satisfied. If the executive remains employed, restricted stock units vest and become payable at the end of a three-year period ending on January 3, 2023. If an executive's employment terminates before January 3, 2023, all of the restricted stock units awarded generally will terminate for no value, unless employment terminates for certain reasons as described in the Proxy.

For additional information regarding restricted stock units, please see pages 52, 55, and 76 of the Proxy.

Pensions and Other Retirement Plans

The Companies maintain two primary defined-benefit pension plans covering executives: the SCE Retirement Plan and the Executive Retirement Plan (the "ERP"). The SCE Retirement Plan is the Companies' tax-qualified defined-benefit employee retirement plan in which the Companies' executives participate generally on the same terms as other eligible employees. The ERP is an unfunded defined benefit plan designed in accordance with applicable law to allow

executives to receive benefits that would be paid under the SCE Retirement Plan or the Edison 401(k) Savings Plan but for limitations under the Internal Revenue Code, and certain additional benefits.

SCE Retirement Plan

The SCE Retirement Plan is a non-contributory defined-benefit plan. The plan was a final average pay plan with a Social Security offset and a sick pay benefit until April 1, 1999, when for most participants a transition to cash balance features was adopted. Employees hired on or after December 31, 2017 are not eligible to participate in the SCE Retirement Plan.

Under the cash balance approach, eligible employees have cash balance accounts that grow through the following credits made to such accounts: pay credits; interest credits; and an additional \$150 monthly credit. Employees who were at least 50 years of age or had 60 “points” (i.e. calculation of age plus service) as of the date the cash balance feature was implemented are eligible for “grandfathering.” “Grandfathered” employees’ retirement benefits are calculated under both the prior formulas and the cash balance feature, and the greater of the two amounts results in the paid benefit. Full vesting occurs after three years of service, upon attainment of age 65, or upon death while employed.

For additional information on the SCE Retirement Plan, please see pages 69-70 of the Proxy.

Executive Retirement Plan

Executives whose participation in the ERP started on or after January 1, 2018 have a benefit based on the total credits in their Executive Retirement Account, which is similar to a cash balance type of benefit. Executives who participated in the ERP prior to January 1, 2018 accrue Executive Retirement Account benefits and also accrue final average pay benefits under a formula similar to a grandfathered formula in the SCE Retirement Plan. The final average pay formula under the ERP includes a reduced rate of accrual for 2018 and later years. Vesting occurs after five years of service, upon death while employed, or in connection with the executive severance plan.

For additional information regarding the ERP, please see pages 70-72 of the Proxy.

Non-Qualified Deferred Compensation

The EIX Executive Deferred Compensation Plan (the “EDCP”) permits covered executives to elect to receive a portion of their compensation on a deferred basis. Each executive may elect to defer up to 75% of his or her base salary, up to 85% of any annual incentive award earned, and up to 100% of the cash portion of performance share payouts for grants made prior to 2019 (performance share payouts may not be deferred for grants made in or after 2019).

For additional information regarding the EDCP, please see pages 73-74 of the Proxy.

All Other Compensation

Included in the Summary is a column entitled “All Other Compensation” that is similar to, but not the same as, the column entitled “All Other Compensation” in the Summary Compensation Table of the Proxy. Both the Summary in this G.O. 77-M report and the Proxy’s Summary Compensation Table include the Company contributions for executives under the Edison 401(k) Savings Plan, payouts of accrued and unused vacation upon separation from service (if any), cash severance benefits (if any), executive survivor benefits (if any), taxable perquisites (if any), executive disability benefits (if any), and certain additional compensation. A key difference between the Summary in this G.O. 77-M report and the Proxy’s Summary Compensation Table is that the former also includes amounts for employee regular benefits, while the latter does not.

For additional information regarding All Other Compensation as disclosed in the Proxy, please see pages 58-59, 63-64 and 74-76 of the Proxy.

Employee Regular Benefits

The SEC’s proxy rules, for the most part, do not require discussion of most broad-based employee benefit plans such as those providing medical, life insurance or disability coverage. Broad-based pension benefits such as the SCE Retirement Plan and, to a lesser extent, the Edison 401(k) Savings Plan are, on the other hand, included in the Proxy discussion, both directly and for the purpose of describing certain related executive compensation benefits. The following provides a general overview of broad-based benefit plans included within the scope of total compensation for purposes of this G.O. 77-M report.

Flexible Benefits Program. The Companies’ flexible benefits program allows participants to choose the type and level of benefits that best meet the needs of the participant and his or her family. Flex options offered to most employees include medical, dental, vision, long-term disability (at 50%, 60% or 70% of salary), life insurance and accident insurance (including amounts provided by the Companies and also supplemental insurance purchased by employees), health care and dependent care reimbursement accounts, and vacation buying. Each option has a price tag reflecting the cost of coverage. In general, the higher the level of benefit chosen, the higher the price tag. The Companies provide “flex dollars” that reflect the Companies’ contributions toward the cost of coverage. Eligible participants allocate such flex dollars toward the cost of their flex choices made at the time of open enrollment or otherwise as appropriate. Any flex dollars remaining after allocation toward selected benefit options are received in full-time employees’ paychecks throughout the year as additional taxable income. If a participant’s benefit price tags exceed the participant’s flex dollars, the participant pays the additional cost for most benefit options through pre-tax payroll contributions as permitted under Section 125 of the Internal Revenue Code.

Post-Retirement Health Benefits: Employees hired prior to December 31, 2017 who retire at or after age 55 with at least 10 years of service or meet other specified retirement requirements may be eligible for post-retirement health care benefits, with a company contribution toward the cost of these benefits in retirement that depends on a number of factors, including the employee’s years of service, age, hire date, and retirement date. Employees hired on or after December 31, 2017 are not eligible for post-retirement health care. Instead, they are eligible for a \$200 per

month Company contribution to a health reimbursement account that they may use to pay for benefit coverage or eligible expenses if they retire at or after age 55 with at least 10 years of service or meet other specified retirement requirements.

Edison 401(k) Savings Plan. The Edison 401(k) Savings Plan is a tax-qualified defined-contribution plan with a 401(k) feature, in which qualifying full-time and part-time employees of EIX and SCE are eligible to participate. Subject to limits set by the Internal Revenue Service, all participants may defer up to 84% of eligible pay. The Companies match participant contributions of up to 6% of a participant's eligible pay. In addition, participants hired on or after December 31, 2017 receive fixed profit-sharing contributions of 6% of their eligible pay. Participants' contributions are immediately vested, as are earnings on such amounts. The Companies' matching and fixed profit-sharing contributions, plus earnings thereon, vest at a rate of 20% per year. All existing and future Company contributions are fully vested after five years of service, upon attainment of age 65, or upon death while employed.

Other Employee Benefits. The Companies provide short-term and long-term disability benefits, a preventive health account program under which employees and their families could receive reimbursement of up to \$400 in 2020 for approved activities designed to improve health that are not covered by their medical plans, an employee assistance program providing short-term counseling and various referral services, an insurance claims assistance benefit, and voluntary benefits through which most employees are eligible to obtain coverage for certain legal services, identity theft services, and pet and auto/home insurance at discounted group rates.

Section 4

SCE Employees, Base Salary \$125k-\$250k* Per Year, Compensation and Expenses

*Although “\$250k” is used as a shorthand, this Section 4 covers employees who earn under \$250,000 annually in base salary.

*The compensation listed in the "Compensation" column is the amount reported in Box 5 of Form W-2 Wage and Tax Statement filed by SCE for the individual for the reported Year.

**The expenses listed in the "Expenses" column in Sections 1.a, 4, 5 and 7 include employee expense reimbursements and expenses paid through Edison's corporate credit card. The expenses paid through Edison's corporate credit card may include (i) procurement or fleet related costs incurred on behalf of a department or organizational unit and (ii) personal costs that were subsequently reimbursed by the employee.

Section 5

SCE Employees, Base Salary \$125k-\$250k* Per Year:
Retired, Terminated, Deceased, or
on Leave of Absence, Compensation and Expenses

*Although “\$250k” is used as a shorthand, this Section 5 covers employees who earn under \$250,000 annually in base salary.

**Southern California Edison Company SCE Employees,
Base Salary \$125k- \$250k Per Year

*The compensation listed in the "Compensation" column is the amount reported in Box 5 of Form W-2 Wage and Tax Statement filed by SCE for the individual for the reported Year.

**The expenses listed in the "Expenses" column in Sections 1.a, 4, 5, and 7 include employee expense reimbursements and expenses paid through Edison's corporate credit card. The expenses paid through Edison's corporate credit card may include (i) procurement or fleet related costs incurred on behalf of a department or organizational unit and (ii) personal costs that were subsequently reimbursed by the employee.

*The compensation listed in the "Compensation" column is the amount reported in Box 5 of Form W-2 Wage and Tax Statement filed by SCE for the individual for the reported Year.

**The expenses listed in the "Expenses" column in Sections 1.a, 4, 5, and 7 include employee expense reimbursements and expenses paid through Edison's corporate credit card. The expenses paid through Edison's corporate credit card may include (i) procurement or fleet related costs incurred on behalf of a department or organizational unit and (ii) personal costs that were subsequently reimbursed by the employee.
