2015 Safety Action Plan and Regulatory Strategy

California Public Utilities Commission
January 29, 2015

Safety Action Plan and Regulatory Strategy

- ❑ In July 2014 the Commission adopted a Safety Policy Statement.

“Ultimately, we are striving to achieve a goal of zero accidents and injuries across all the utilities and businesses we regulate, and within our own workplace.”

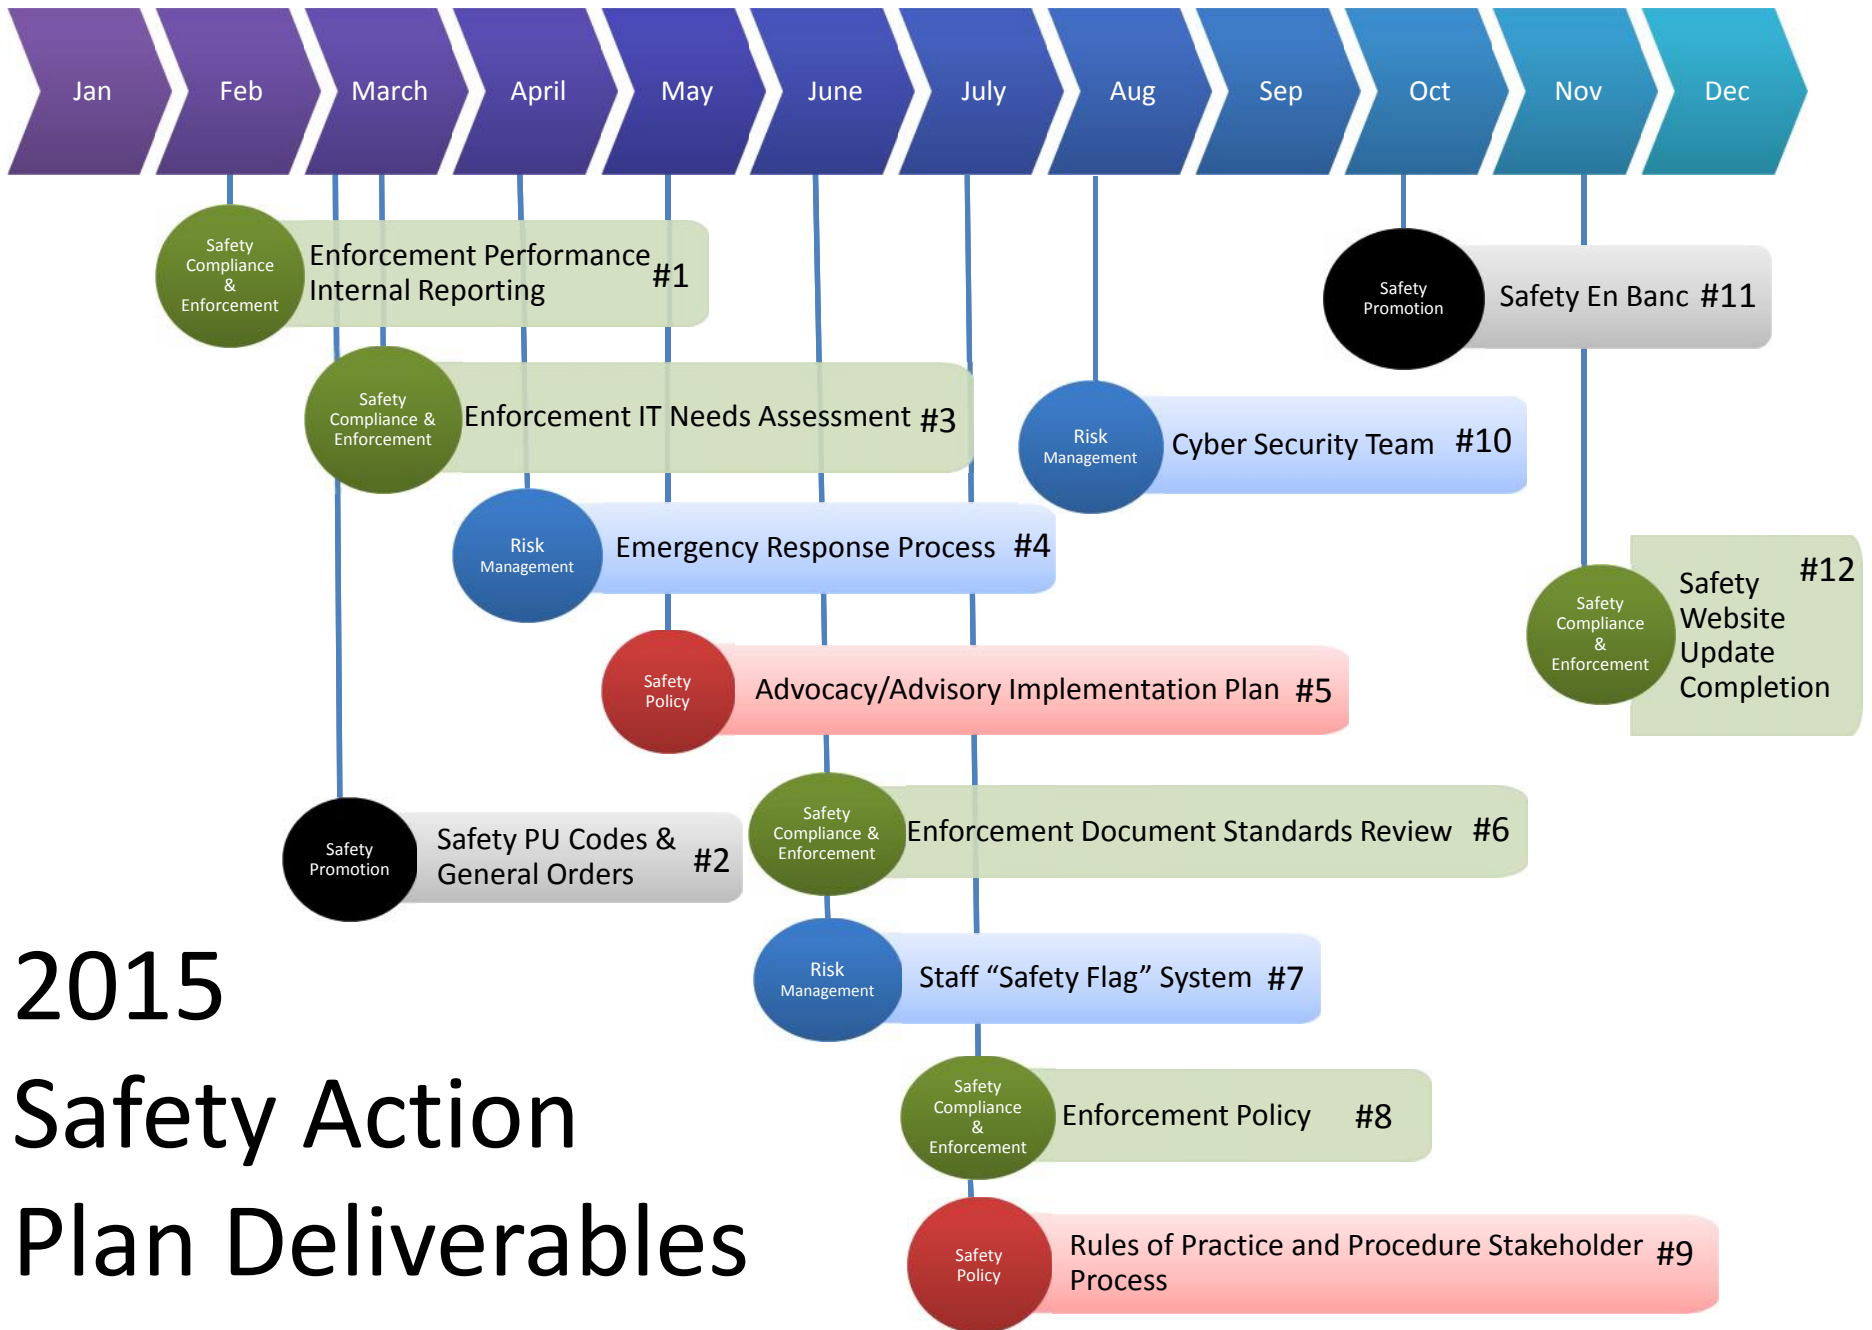

- ❑ The Regulatory Strategy that guided us in creating the 2015 safety work-plan contains 4 pillars:

- ❖ **Safety Compliance & Enforcement:** Audit, investigation and penalty assessment activities
- ❖ **Safety Policy:** Commission decision-making and development of rules and regulations
- ❖ **Risk Management:** Risk assessment and risk mitigation strategies
- ❖ **Safety Promotion:** Communication, collaboration and outreach

- ❑ Under the direction of Executive Director Tim Sullivan, Staff has created twelve clear and measurable deliverables for 2015 in order to continue to improve safety enforcement and compliance.

- ❑ We are here to seek further guidance from each of the five Commissioners and then revise the work-plan accordingly.

- ❑ This work-plan will be resubmitted for Commission adoption at the February 12th Commission meeting.
