Presentation Overview

- Pre-2018 situation
 - High profile crash spurred greater coordination between TEB and Wine Country law enforcement against unlicensed passenger carriers
- Early training efforts
 - Coordination with and education of local law enforcement officers starts in Napa County
- 2018 enforcement activity
 - Joint operations produce positive results and discourage illegal operations
- Future trainings
 - Plans to expand operations across Napa County and into Sonoma County

Pre-2018 Situation

Enforcement Prior to 2018

- Investigators would follow up on leads of illegal activity, write up investigation reports, and issue administrative citations
- Illegal advertising (PU Code § 5414.5)
- Illegal operations (PU Code § 5411)
 - Three elements need to prove illegal transportation
 - Proof of passengers
 - Proof of compensation
 - Proof that the trip was over public highways

Unlicensed Bus Causes Collision

Early Training Efforts

Law Enforcement Training Yountville, CA (Napa County)

January 30, 2018:

- TEB staff provided training on CPUC regulations
- Attendees:
 - Napa Valley Railroad Police
 - Napa Police Department
 - American Canyon Police Department
 - Napa County Sheriff's Department

Law Enforcement Training Yountville, CA (Napa County)

Law Enforcement agencies identified two major areas of interest:

- TNCs and how to retrieve waybills on electronic devices
Waybills are proof that the transportation was prearranged and show that the ride was prearranged. Lack of a waybill means that the driver is acting independently/illegally and the ride is not covered by the TNC's insurance
- Procedures to impound vehicles
Impounds are an effective way to combat illegal carriers. Procedures are outlined under Public Utilities Code § 5387(d)

Impounding per Public Utilities Code § 5387(d)

Any peace officer may impound a bus or limousine of a charter-party carrier if the peace officer determines:

- The driver operated the vehicle while the carrier lacked a valid permit or certificate
- The driver operated the vehicle after the CPUC suspended the carrier's permit or certificate
- The driver was driving without a current and valid driver's license, a passenger endorsement, or a valid certificate

Impounding a Vehicle Under Public Utilities Code § 5387(d)

2018 Enforcement Activity

First Napa County Interagency Operation: February 2, 2018

- The team found two carriers operating after revocation of their permits, and impounded their vehicles
- One driver lacked the type of commercial driver's license needed to operate a bus and was cited for driving out of class
- One carrier operated without workers' compensation insurance; the case was referred to the Napa County District Attorney's office for prosecution
- Agencies agreed to continue coordinated enforcement efforts moving forward.

Vehicles Inspected/Impounded March – July 2018

	Vehicles Checked	Vehicles Impounded
March, 2018	26	2
April, 2018	32	2
May, 2018*	124	8
June, 2018	15	1
July, 2018	32	3
Total	229	16

Napa County Interagency Operations: Common Violations
